COLD STEEL SPECIAL FORCES SHOVEL

The Special Forces Shovel is modeled after the original Soviet Spetznaz shovel. The Spetznaz soldiers made up the most elite unit in the Soviet Army. The U.S. equivalent would be our Green Berets. The shovel head and socket are forged from medium carbon steel, then heat treated for maximum strength. The edges come sharpened to a utility/axe edge that can easily be improved to razor sharpness.

The Special Forces Shovel comes complete with a specially made Cor-Ex sheath. The sheath features an extra wide belt loop.

GERBER CAMP AXE II

Hand-to-hand combat with the Walking Dead? We don't recommend it. If you do, however, find yourself going toe-to-toe with a decomposing creep we suggest the Camp II. It's our single-hand axe made for close quarter confrontations with a walker. It has an elongated handle which means more forceful bone crushing with every swing. Complete with a molded plastic sheath, this is Gerber's essential hand axe for survival in a post-outbreak society. Also an all-purpose hand axe for setting up camp and chopping wood.

DEAD ON ANNIHILATOR ULTIMATE WRECKING BAR

An 18-Inch Utility and Wrecking Bar used for breaking down hard surfaces, as well as other general hammer uses. Can be used as a demolition hammer, bottle opener, nail puller/tile ripper, board straightener, demolition axe, wrench/nail puller and chisel.

This multi-tool can work as a building tool, hammering nails and straightening boards, as well as a destruction tool, cutting cables and pulling down reinforcements. All you have to do, though, is look at this thing and know it has a much less noble and more brutal purpose. It makes a wicked anti-zombie device.
